

REPRESENTATIVES OF OKLAHOMA ARE DENIED ASSEMBLY

Legislators Turned from Capitol by Military
—File Notice With Secretary of State—
Consider House as in Session But Taking
Recess—Probably Await Court Action

(By the Associated Press)

OKLAHOMA CITY, Okla., Sept. 26.—Undaunted by their defeat today by military forces of the state who drove them from the capitol after they had assembled and filed notice of their meeting with the secretary of state, members of the lower house of the Oklahoma legislature prepared tonight for the next move in their attempt to meet and consider the official acts of Governor J. C. Walton.

Despite the fact that 66 members, 12 more than a majority, were dispersed by national guardsmen when they gathered at noon today before the barred doors of the house chamber at the capitol, the legislators contended tonight that the house formally was convened and that it now is in recess pending the call of the presiding officer.

A statement by Representative W. D. McFee, a leader in the assembly move, declared that the proceedings at the state house constituted a meeting of the house, notwithstanding its interruption by troops acting under orders of Governor Walton.

ADMINISTERING OF PROHIBITION LAW IS CRITICIZED

Statement Made by Attorney for Retail Druggists Ass'n.

(By the Associated Press)

BOSTON, Sept. 26.—The administration of the federal prohibition law was attacked by Eugene C. Brockmeyer of Washington, D. C., general attorney of the National Association of Retail Druggists in an address before the association today. In the course of his remarks he said it had been intimated that the anti-Saloon League had promised to swing the Ohio delegation for the nomination of President Coolidge with the understanding that he would permit an appointment of the league to administer the prohibition law. He expressed the belief that Prohibition Commissioner Hayes doesn't understand what the 18th Amendment means.

The Retail Druggist

"The retail druggists today," he said, "are in the lamentable position of requesting and demanding protection as law-abiding citizens who are serving the public. I am sure that a large majority of the people in this country are in favor of law enforcement. That goes without saying. But how many have stopped to think or find out just what the prohibition law is. Judging by the way the present prohibition commissioner has enforced it—or rather has not enforced it in the past year—I am constrained to believe that even he doesn't understand what the 18th amendment is. People, like him, seem to overlook the fact that there are limitations in the constitution."

K. P.'S VOTE TO BUY DOWNSTATE PROPERTY

(By the Associated Press)

CHICAGO, Sept. 26.—Plans for the erection of a Knights of Pythias building in Fraternal Row, Springfield, were discussed at today's session of the Illinois Grand Lodge, K. of P., which voted to buy a lot and small building there at an approximate cost of \$20,000. Proposals to build a \$250,000 headquarters on the site were not acted upon.

Transfer of state headquarters of the order from Chicago to Springfield when the present lease on the property here expires in two years was indicated in the plan, the statement said.

STAUNTON MERCHANT KILLED BY BANDIT

(By the Associated Press)

SPRINGFIELD, Ill., Sept. 26.—Morris Fleischman, Staunton merchant who surprised three bandits in the act of robbing his store adjoining his home early Tuesday morning and who was shot by one of the bandits, died at 8:30 o'clock tonight in a Litchfield hospital. Fleischman declared all the bandits were young men. Authorities believe they are from St. Louis as a wrecked car bearing a Missouri license number was found near the scene of the holdup and shooting.

WITNESSES FOR STOKES JAILED ON APPEARANCE

Efforts to Defame Woman's Character Proving Boomerang

(By the Associated Press)

CHICAGO, Sept. 26.—The "scandal" in which Mrs. Helen Elwood Stokes has called upon the state's attorney's office here to look into alleged attempts by her millionaire husband, W. E. D. Stokes, to damage her character, got beyond the investigation stage today when it became known one witness was held in jail, another was arrested upon her arrival in New York and police orders for the arrest of a third were issued.

Howard Miller, negro, is the witness held in jail here. His wife Mary Rose Miller was taken into custody in New York after fleeing from Chicago, both were released after making sworn statements. Police here are looking for Joe Brinner, taxi-driver alleged by witnesses to have been the "payoff" man in the alleged attempts to obtain affidavits swearing that Mrs. Stokes was Helen Underwood a frequenter of the Everleigh Club.

Miller's Admission.

Miller admitted according to Assistant State's Attorney Wharton that his wife, "did a lot of stuff" for Stokes. He denied knowledge of what this was but said recently she received orders to hide and left for New York. It was also reported that Mr. Wharton had received information from a woman, said to be proprietor of a rival house to the Everleigh Club in the former days whose name is withheld that Mrs. Stokes is innocent of the charges made against her and that agents of Stokes came to her with a picture of Mrs. Stokes and wanted her to swear she had seen the same woman in the Everleigh Club.

Picture Collection.

This woman is declared to have said agents of Stokes took a picture from a collection of her's of that of a girl known as "Brick Top Helen" had copies made, and spread them about the underworld. Then they would say that it was Helen Stokes and would have people sign affidavits to that effect, she is said to have stated.

Richard Westbrooks, said to be Stokes' attorney here, and his client, Millie Phillips, are expected to testify before the grand jury tomorrow.

The Phillips girl made an affidavit that she saw Mrs. Stokes drunk in New York but later failed to identify Mrs. Stokes while in her presence.

RETURNS INDICATING REYNOLDS ELECTION

(By the Associated Press)

ROCKFORD, Ill., Sept. 26.—Returns from Winnebago and Boone county, while not yet complete, assured election to Earl D. Reynolds of Rockford, running without formal opposition on the Republican ticket to fill a vacancy on the bench of the seventeenth judicial district. The vote was exceedingly light. There were some scattering returns of written-in names.

The journal is written on stationery of the local hotel where the legislators make their headquarters.

Many Wait for Test

Crowded in the rotunda on the fourth floor of the capitol the house members, a small army of newspaper correspondents and possibly a hundred spectators from the administrative offices in the building milled around waiting for the test.

With rifles on their shoulders, two privates stood post before the massive doors of both the house and senate chambers and held the crowd back at a safe distance. Officers wearing service revolvers stationed themselves at vantage points.

A buzz of conversation arose from the crowd and there was little hint of the stern moment approaching. It was plain however, that the air of gayety and banter on the part of some of the house members was stimulated. Then the hands of the clock struck to noon.

Commanded to Disperse

Suddenly above the noise arose a voice—that of Charles S. Bryce of McAlester, speaker pro tempore. It came from the rear of the crowd that pressed up to the armed barrier to the hall of the house.

"As it is noon the house is in session—" Bryce began.

"You are commanded to disperse," this sharp command interrupted Bryce and the crowd turned and saw Colonel W. S. Kahr, military commander of Oklahoma county, step to the speaker's side.

There was a shuffling of feet as the assembly moved forward to face the officer who stood

LICENSE REVOCATION IS BEING PUSHED IN CHICAGO

(By the Associated Press)

CHICAGO, Sept. 26.—Revocation of the license of 95 drink selling establishments, making a total of 259 was today's development in the fight of police and civil authorities to make Chicago as dry as the 18th amendment and the Volstead act intended.

The places closed by the license route range from a milk station in one instance thru coffee shops, restaurants, soda fountains, and billiard halls, to the old time saloon now changed to the "near" variety.

Mayor Dever asked Chief Morgan A. Collins to investigate the Hoffman Brothers brewery after Health Commissioner Bundesen reported several of his men had been refused admittance by officials and employees who said they were "sick and tired of being bothered."

RAILROAD MANNER OF RATE DEFENSE CALLED BUCK PASS

Statement of Federated Shop Crafts Committee at Hearing

(By the Associated Press)

CHICAGO, Sept. 26.—That the general practice of carriers of defending their wage rates as equal to those of their competitors and thus "passing the buck" precipitated the shopmen's strike of July, 1922, was an argument of representatives of the Federated Shop Crafts Committee, Railway Employees' Department of the American Federation of Labor at a lively hearing here today. Presenting their claim before the United States railroad labor board for the right to negotiate a contract covering rules and rates with the Chicago & Alton, the committee representatives were asked by representatives of the carrier if the carrier, prior to the strike, had not consistently paid a rate as high as the average of the competing roads.

Same Old Alibi

The labor men replied that that was the "alibi" also of each of the competing carriers, requests for an increase being met with the suggestion that the committee first get the competitors to raise their rates. That led the committee to make wages an annual issue, according to the committee representatives.

The committee contends that it has regained the majority membership among shop employees on the carrier which it lost following the beginning of the strike of July, 1922. The company has been negotiating with six craft associations of Chicago & Alton employees, and is strenuously fighting the complaint of the committee.

Business Condition

The committee submitted testimony to the effect that the carriers business was in better condition than it had been for years largely because the carrier had made changes in its official personnel recommended by the committee. A new master mechanic who "knows how to deal with the men" was landed particularly and it was asserted that previously there had been friction, "not on account of any organization, but said, would determine the place of filing.

The journal was caused by the resignation of Judge R. K. Welsh. Judge Welsh shortly before retiring from the bench fined and sentenced to six months in jail, Mike Boyle for contempt of court because of Boyle's refusal to testify before a grand jury investigating jury fixing charges growing out of the trial of Governor Small at Waukegan. McHenry and Lake counties are also included in this judicial district.

WASHINGTON, Sept. 26.—The American Red Cross in annual convention here, paused today for a moment of silence in memory of Warren G. Harding, head of the organization and then adopted a resolution declaring humane work had "lost a great leader, loyal friend, an ardent supporter and one whose wise counsels" was of inestimable value.

Afterwards the delegates transacted a great deal of routine business, including the selection of Washington as the next convention city and the nomination of officers. Late in the afternoon they were received informally by Mrs. Coolidge in the east room of the white house.

Public health nursing, health work and hygiene were among the several problems discussed today as part of the Red Cross work in the community.

GREECE PROTESTS COUNCIL DECISION

(By the Associated Press)

GENEVA, Sept. 26.—Nicholas Politis, representative of Greece on the league of nations council, tonight made public protest against the alleged decision of the council of ambassadors to compel Greece pay to Italy 50,000,000 lire in connection with the assassination of the Italian members of the Greco-Albanian boundary commission.

M. Politis declared that if the council of ambassadors had officially decided to award the money, deposited by Greece as security for indemnity, it would be an act of outrageous injustice by big countries.

He insisted that the inquiry into the killing of the Italians had not been finished and declared that the Greeks have evidence that the Albanian authorities were responsible for the murders.

MARTIAL LAW ON IN BAVARIA

(By the Associated Press)

PARIS, Sept. 26.—Martial law has been proclaimed in Bavaria, according to late advices from Berlin, and former Premier von Kahr has been appointed general commissioner of state.

Dr. von Kahr has issued a proclamation announcing that he will take action against all acts of hostility to the country and against any resistance to his orders, by every means at his disposal.

RIGID MARTIAL LAW PROMISED MORE COUNTIES

Oklahoma Governor Says Policy Will be Continued

(By the Associated Press)

OKLAHOMA CITY, Okla., Sept. 26.—Rigid martial law will be invoked in another county in Oklahoma tomorrow, Governor J. C. Walton announced tonight. The name of the county was not made public but the executive said a delegation headed by the mayor of one of its cities had called upon him with a request for "military protection."

Governor Walton declined to elaborate further on the announcement. Three counties, Oklahoma, Tulsa and Creek—now

are under a decree of absolute military rule, altho troops never

occupied Creek county.

Governor's Claim.

Charging that the Ku Klux Klan dominates one third of the counties in Oklahoma and has a big influence in many others, Governor Walton declared:

"Martial law over the state will continue until this legislative bunch gets off my back and we can get into those counties to straighten out the Klan officers and Klan courts so that every citizen, regardless of race, creed or color may enjoy the rights which they are entitled under the constitution."

The "legislature" the governor reiterated, "shall not meet."

Legislature Dead.

Pressed for an expression of his attitude in view of the attempt of the representatives to assemble at the state capitol today, Governor Walton said:

"The legislature is dead."

It can only be revived in regular biennial session or a special call from the governor. Any attempt to convene itself is a direct violation of the constitution.

The authorities are faced with the problem of caring temporarily for these jobless men. They have been advised to leave Tokio, but there is no where they can go as other cities of the country do not offer them field for the kind of work they are capable of doing.

The Clothing Problem.

The clothing problem is next to that of unemployment. That quantities of clothing were destroyed and it will be months before merchants can re-stock.

That meanwhile cold weather is approaching. Even now the nights are colder and campers are suffering considerably.

Efforts are being made by the government and the Red Cross to deal with threatened epidemic of dysentery and typhoid fever.

Many cases already have been reported. The Red Cross is employing additional nurses to treat the sick and police are making a systematic canvass of the city seeking out the ill.

Recently in Kansas City in a
bankruptcy proceeding a \$15,000
insurance policy taken out by the
debtors from a Tokio, Japan
firm, was presented. The matter
was taken under advisement
pending determination of the ex-
tent of damage suffered by the in-
surance company in the recent
earthquake.

The incident has more than
usual interest from the fact that it
indicates another line of busi-
ness that Japan is carrying on in
the U. S. The business relations
between the two countries have
constantly expanded.

The Social Service league at
no distant date will make a sys-
tematic canvass for funds. The
work has been carried on in the
devoted interest of liberality of a
comparatively small group. The
records are available to show the
increasing efficiency of the orga-
nization and the value of the
work done. The sum of \$3,000
the league will ask means that the
work is being conducted in an
economical way.

The numerous rains in recent
weeks have made certain all the
winter months. That fact should
not bring a sense of security
which puts an end to interest in
the plans for water plant enlarge-
ment. Even with a splendid
water supply continued wasting
of water thru leakage from the
reservoir will be a very expensive
matter. The proposed increase in
the size of one section of main is
a very essential thing and means
both safety and economy.

A civil suit is pending in Wil-
liamson county, the Southern Illi-
nois Coal Co., asking heavy dam-
ages from the county because of
property losses resulting at the
time of the Herrin mine disaster
last June.

The company has asked a
change of venue and the state's

attorney of Williamson county is
resisting it on the ground that a
fair trial for the county cannot
be had outside the county because
of prejudice.

Williamson county is thus placed
in a very undesirable position if
the declarations of the state's
attorney in connection with this
suit and at the time of the trial
of those charged with causing the
Herrin tragedy both are true.

PLAY VS. DIGNITY.

Dr. Copeland, who broadcasts
medical advice for newspaper
readers, tells of looking on with
appreciation at a picnic of foreign
town citizens. "There were music
and dancing and laughing and
singing," he says. "There were
lunching and joking and fooling.
They were courting and kidding
and telling stories. There was
speachmaking and handclapping
and yelling. There was good na-
ture in every face. The lines of
care had gone. Everybody was
really playing."

He wants to know why all of us
do not behave that way. Europeans,
he says, are good players. They
have played for ages and
they still play, even when they
come over here. But Americans
seem to have lost the knack of it.
We don't really relax after
work, as they do, and let oursel-
ves go. We can't be children.

Dr. Brady, another health-
broadcaster has a habit of refer-
ring to dignity as an ailment, and
the source of many other ail-
ments. People are just as old as
their dignity, he says. Dignity
means age, mental, spiritual and
physical.

Here is something that can be
learned profitably from the
foreign-born.

PARKING AND SHOPPING.

The traffic problem in cities,
says a prominent automobile
man, addressing an automobile
convention, is not one of rules
and signals so much as space.
"The city which first provides
space for all kinds of traffic will
be ahead of any rival city hoping
to compete its progress."

This means particularly ample
parking space, and the relation of
parking to places where it will
not interfere with business. As
managed at present in most com-
munities, says this critic, parking
does interfere with business in-
stead of helping it.

The merchants will finally re-
alize that instead of helping their
trade by allowing people to park
in front of their places, they are
really cutting down their sales,
because enough people cannot
park there. Every city is a jam
of roaming automobiles looking
for a place to park."

Eventually, he says, adequate
parking facilities will be estab-
lished just outside of the
contested business districts. People
will leave their cars there and
then walk to the stores they
patronize.

It sounds reasonable. And
merchants, by co-operation, could

doubtless put through such a plan
in any city, to their own great
business benefit. They would
then draw patronage from a wider
territory, because buyers would
come from long distances, in
greater numbers, when they found
comfortable provision made for
parking and getting about.

DEATHS

The death of James H. McAl-
ister, during his entire life a
resident of Morgan county, oc-
curred at 9:45 o'clock yesterday
morning, he had been a patient for
the past three months. He was
born in the Woodson neighbor-
hood, April 26, 1847, a son of Mr.
and Mrs. John McAllister. In
1865 he was married to Miss
Maria Moore at Woodson, who
preceded him in death on Sept.
30, 1913.

In 1916 he was married to
Mary Pence at Jacksonville, who
survives him. He also leaves
one daughter, Mrs. Thomas B.
Myers; one brother, Scott McAl-
ister of Kansas, and one sister,
Mrs. James Galloway of Wood-
son; also four grandchildren:
Clarence, Alma Rose, Edith Mae
and Mary Alberta Myers. During
the years of his active life, Mr.
McAllister followed the occupa-
tion of farming.

Funeral services will be held
at 11 o'clock Saturday morning
from the Woodson Christian
church, in charge of Dr. G. W.
Miller. Interment will be in
Henry cemetery.

The members of the Wednesday class met yesterday afternoon at the home of Mrs. F. J. Waddell, No. 2 Duncan Place. This was the first meeting of the fall, and the greater part of the time was spent in discussing the plans for the coming year. After the discussion there was a social hour when very delightful refreshments were served.

Receptions for Students Tonight

The annual students' reception by the different churches of the city will be given this evening, from 7:30 until 10:30 o'clock. All the new students are particularly invited to attend one of the churches that evening and have a good time while getting acquainted with all the young people of the city.

All the churches will be glad to welcome any of the students who choose to come to that particular church, and are willing

and anxious to aid them in any possible way and make their lives happier and less lonely while they are in Jacksonville.

Entertained Students at Tea

Misses Mary Johnston, Mary Anderson and Beatrice Teager, members of the I. W. C. faculty living in Harker Hall entertained the students, who reside in Harker Hall, at tea yesterday at 4:15 o'clock. The affair was held in the Belle Lettres and Phi Nu society halls and the students had a very delightful social time.

Comfortable
Shoes
Are the Style

Today's style calls for shoes closely modeled upon the real lines of the foot.

Many women have found great comfort and happiness in Cantilever Shoes. You will like them, too, because there is no crowding of the toes, no pressure, no restraint. The shoes are modeled upon the lines of your own foot and the flexible arch gives the highest degree of freedom.

The freedom of the muscles to exercise and keep strong safeguards you against weak arches. The free circulation helps to keep your feet cool, for feet swell from restricted circulation.

Graceful in appearance, well made, of fine leathers, Cantilever Shoes will give you economical service and foot comfort which you will appreciate.

Local Elks enjoyed the discomfiture of four candidates for admission to the order until the wee hours of the morning today. The men who took the work are traveling with the Brundage shows. Following the initiation a substantial lunch was served and a number of entertaining acts were put on by members of the carnival company.

The first stage of the initiation began yesterday afternoon when the four candidates were tied to lamp posts at the corner of West State and the square and given some lessons in salesmanship. A large crowd of interested citizens and carnival employees watched this proceeding. One of the candidates got away from his captors and was later tied more securely to the post.

ALLEGED FORGER IS
ARRESTED BY POLICE

Riley Buchanan in Jail Under
Bond for Forgery After Six
Weeks' Work of Officers—
Eleven Checks as Evidence

A case on which local police have been working quietly for the past six weeks was brought to a head yesterday afternoon by the arrest of Riley Buchanan of South Sandy street. Eleven checks, which Buchanan is said to have passed on local firms since Feb. 17, are in possession of police. Merchants who have been cashing the forged checks complained to police, but until yesterday no clue as to the identity of the forger could be furnished. Yesterday Buchanan attempted to cash a check at Lloyd's Shoe Shop for \$3.25 drawn on Ayers' National bank. The check was made payable to Charles Smith and was signed by John Butler.

L. C. Hoerlein, manager of the Shoe Shop, had been warned of the doings of the forger, and being suspicious, notified the bank. Police were put on Buchanan's trail and late yesterday afternoon he was taken before Justice A. B. Opperman, where he waived preliminary hearing. He was placed under bond of \$500 to appear before the grand jury at the November term of the circuit court, and being unable to furnish bond, was confined in the county jail.

The checks which Buchanan is said to have forged range in amount from \$3.25 to \$8.25. He has worked under various aliases, such as Frank Hart, Sam Hart, Charles Hart, John Butler, Frank Gordon and C. Smith. Among firms who have cashed the checks from time to time are The Emporium, Penny Dry Goods Co., C. C. Phelps, Rabjohns & Reid, Frank Byrns, Gilbert's Pharmacy, Denny's grocery, Shanahan's grocery, and the Hub Clothing Co.

Buchanan has been around the city for sometime, working as a laborer. He has a penitentiary record, having served a term in Joliet on a charge of forgery made against him in a northern county.

MURRAYVILLE CLUB
SURPRISED HOSTESS

The Murrayville Domestic Science club held its regular meeting yesterday afternoon at the home of Mrs. J. C. Warcup. Fourteen members and six visitors answered to roll call with suggestions of "good things of great joy." Mrs. J. L. Solomon presented a paper on "The Love Story of Washington." This was followed by a general discussion of the "Problems of Married Life and Their Remedies."

As this was also the occasion of Mrs. Warcup's eighth wedding anniversary, the club members had prepared a surprise for her. Master Dwight Baker as groom and Master Billie Wade as bride presented her with a bride's bouquet, and Mrs. R. D. Dawson, president of the club, made the speech of presentation.

The hostess had also prepared a surprise for her guests in a novel manner of serving refreshments. Items on the menu were given fictitious names, which caused much amusement. The menu consisted of coffee, cake, baked pears, candy and dates.

Guests present at the meeting included Mrs. Rees Jones, Mrs. Carl Rousey, Mrs. Charles Kettner, Mrs. Beecher Rimby and Mrs. John Spangenberg.

HEAVY RAINFALL

A very heavy rainfall occurred Wednesday morning between 7 and 8 o'clock. A vast volume of water fell and street intersections in several localities were so flooded that traffic was temporarily stopped.

Lightning struck a trolley on the North Main street car line and it was necessary to turn off power during the period of repair. At the corner of Woodland Place and Mound avenue the rush of water deposited such a quantity of earth and cinders on the car track that a force of men was needed to remove the obstruction before street cars could move to the terminus of the line.

Fortunately little or no damage was done to wires of the city, the Illinois Telephone Co. or the Western Union Telegraph Co.

ENTERTAIN NIECES

Mr. and Mrs. J. G. Strawn, 615 South East street are entertaining at their home Miss Marie Arnold of Mexico, Mo., and Mrs. Ralph Oliphant of Holdenville, Okla., both of whom are nieces of Mrs. Strawn.

Holdenville is located in the Indian reservation, and recently some great oil finds have been made there and consequently the town is now on the boom. That locality has long been noted for its gas wells but it has only been recently that oil was discovered.

RETURN THIS EVENING

Rev. G. E. Stickney and J. P. Lippincott are expected to return this evening from DePue where they have been attending the 38th annual meeting of the Springfield Association of Congregational churches. Mr. Lippincott having gone as a delegate from the local church.

RETURN TO WAVERLY

Miss Edith Baldwin who has been a patient at Our Saviour's hospital for the past two weeks, returned yesterday to her home in White Hall. She was accompanied by Miss Edna Baldwin.

FUNERAL NOTICE

Funeral services for Mrs. Caroline Pence will be held at 2:30 o'clock this afternoon from the residence of Mr. and Mrs. T. B. Reeve, 406 Hardin avenue.

Travel Notes of Japan.

By S. W. Nichols

By S. W. NISHOLS

Traveling in Japan is interesting though not as luxurious as in our own land. The cars are small and the speed rather slow but the novelty never wears away. In the rear are the third class cars and there the common people ride and it was better than a circus to display my portable, lap type writer. The wonder and absolute astonishment of the natives was a source of never ending amusement.

I would go into the car and write some and let them see it and then, when wonder was at its height, I would use the shift to capitals or characters and that made the wonder still greater. They would look at the wonderful little machine from every angle and peer into its mechanism and give up in wonder.

It made me think vividly of an experience during our horseback journey from lower Palestine to Damascus. One evening we camped at the foot of the Lebanon mountains and not far away was a little village in which was a mission school. The teacher brought his charges out to see us and I thought he would collapse when I showed him my type writer. He deemed it absolutely the most wonderful affair he had ever seen and oblivious to all else, stood watching me till darkness caused me to stop work.

Wanting to get off a letter at the next station I arose at day-break next morning and stepped out of my tent to begin work and there stood the teacher with his pupils. I guess he had not been there all night but he was determined to lose no opportunity to see more of "zee ledle masheen." He watched me till I had to stop but just before shutting up I wrote a letter and gave it to him and doubt if the gift of a new suit of clothes or a camel would have pleased him as much. He showed his treasure to every one and was amazingly proud of it as well.

There are no dining cars on Japanese trains and few eating stations but at nearly every stopping place vendors of lunches appear and one may always eat Japanese cooking without fear as it is clean. There is a lunch box sold for a few sen (half a cent) and when one gets to them they are all right. The box is made of clean, white wood, the lower part filled with a fair quantity of cooked rice while the upper part has a compartment for other things. There may be a few pieces of eel fried in shoyu, a sort of grease, possibly a few bits of chicken, some pickled beans, which I never learned to like, a slice or two of illy root, some kamaboko which is a compound of fish and bean flour and a stick or two of ginger. This is not an invariable bill of fare offered by the peddlers for sometimes they will have more fish; sometimes beans and other things but the rice always. The whole is fastened together with a string adorned with a dainty envelope and attached are two common wooden chopsticks, my perpetual despair. That one might be sure the chopsticks had not been used they were in one piece of wood split partly apart. A nice little wooden toothpick completes the outfit and awkwardly the tourist grasps the weapons and begins his repast and much merriment is caused by the awkwardness displayed.

Then another peddler comes along with a tray of teapots, each with a small cup attached. Tea leaves are in the pot and, give the vendor three sen and a companion of his will from a huge kettle he carries, fill the pot with hot water and you have a good article of tea, so my little companion said; I never could get used to tea myself.

Some other drinks may be had but I never tried any. They had beer and sake which I suppose may have been all right but I made no use of any of them. I have always found that temperature in traveling is wise.

Let us take a trip to a noted resort, Karuizawa, where we shall find all sorts of attractions. The train laboriously climbs the mountain passing through twenty tunnels, keeping one guessing and gazing all the time for when in the light lovely and romantic scenery is visible always. At the top of the mountain is a station and a lovely spring bubbles up through the ground supplying a long row of wash basins and while waiting to water and cool the engine the third class travelers get out and wash their faces and hands.

The train descends through a series of lovely valleys to the foot of the active volcano, Asama, and one feels a trifle uncomfortable lest the old fellow should break out and give him a quake. Out into the plain we glide, which is an elevated plateau on which was once a thriving place, but several times destroyed by the pitiless Asama. It was unknown for a time till some gentlemen of Tokio sought it as a desirable spot for a summer residence and it has grown rapidly in popularity ever since.

Another grand spot for resort is Kokone, noble, picturesque and beautiful. It is a name given a block of smaller mountains not far from the base of Fujiyama at the neck of a rocky peninsula, Izu, which juts out into the sea sixty miles west of Tokio.

To get to it one takes a railroad ride first to a place called Kodzu through a part of the

BAPTIST CHURCH SOCIAL

A "Three Sided Social" will be given at the First Baptist church on Thursday night to the Baptist students of the several colleges and their friends by the Senior Baptist Young People's Union. The social committee, of which Miss Eleanor Ludwig, is chairman is keeping mum as to the nature

of this triangular affair, but they insure the invited guests that there will be a surprise for those who attend at every angle.

Prof. George Poage and his Student Sunday school class are making an effort to have every Baptist class mate out, and there is a possibility that Mrs. Hocking and her class of students from

the school for the Blind will be the guests of honor.

Mr. Paul Gard, president of the B. Y. P. U. is endeavoring to make this the best attended and most interesting Baptist student social the church has ever had. Refreshments will be served at the conclusion of the period of triangular games.

FOOTBALL SEASON TO OPEN AT WHITE HALL

Beardstown High School Eleven to Oppose White Hall High Next Saturday.

White Hall, Sept. 25.—The high school football season will open in White Hall Saturday. Beardstown high school eleven, which last Saturday engaged in a scoreless game with Routh High of Jacksonville, will oppose White Hall high in the opening game at Griswold Park, in this city. The local team has a schedule of eight games which is one of the hardest ever played by a local team.

D. H. Wells, superintendent of schools, is coach again this year. It has been his task to develop a great deal of new material in order to fill the places made vacant by seven regulars, lost by graduation, or who are not in school this year. However, there are eight lettermen in school again this year all of which have had a great deal of experience, and no doubt the local aggregation will make a very favorable showing against their Cass county visitors Saturday.

The probable line-up which Coach Wells will start against

Beardstown Saturday is as follows:

Left end—Harold England captain.

Left tackle—Francis Bradshaw

Left guard—Kenneth Hubbard

Center—Harlan Smith

Right guard—Otis Jouett

Right tackle—Lawrence Kemp

Right end—Kenneth Knight

Left halfback—Donald Hansberger

Right half back—Stanley McClure

Fullback—William Smith

Quarterback—Thomas Smith

The list of substitutes and members of the second team is as follows:

Backfield—Eugent Littleton

Earl Goode, Lee Wooldridge

Ends—Russell DeVault and Lynn Bridgewater

Linemen—Chas. Campbell, Francis Allen, Carl Seely, Lyndon Livingston, Henry Prunett, William Vinyard, Guy Long, Albert Pearce, Alfred Westerhold, and Dwight Coonrod.

The season's schedule follows:

Sept. 29—Beardstown at White Hall.

Oct. 6—Griggsville at White Hall.

Oct. 13—Jacksonville at White Hall.

Oct. 20—Probably Roodhouse at Roodhouse.

Oct. 27—No game.

Nov. 3—Rushville at White Hall.

Nov. 10—Greenfield at White Hall.

Nov. 17—Granite City at White Hall.

Nov. 24—No game.

Nov. 29—Carrollton at Carrollton.

MAROONS GETTING SEVERE WORKOUT

CHICAGO, Sept. 26.—The University of Chicago football squad went thru an intensive workout this afternoon, despite the heat. Coach Stagg putting them thru a stiff scrimmage. In the morning session the Maroon mentor took advantage of the rain and spent the time in passing and punting with the slippery pigskin. Tho the Maroon eleven probably will outweigh the Michigan Agricultural college team almost twenty pounds, to a man in the line, and almost as much in the backfield, it is not expected the local aggregation will mark up a big score against the Wolverines, as when they meet Saturday, due to lack of variety of the Windy City team's plays and formations.

The following Saturday, October 6th, when they meet the Colorado Agricultural College the line will be far heavier due to the addition of Ralph King, 240 pound center who will be in shape to play by that time it is expected.

PUNCHED GOLF CLUBS BARRED BY NEW RULE

NEW YORK, Sept. 26.—The United States Gold association announced today that after January 1, 1924, all slotted or punched clubs would be barred. Slotted lines may be used if they do not exceed one-sixteenth of an inch in width and are not less than three thirty-seconds of an inch apart. All rough or raised edges must also be removed.

Clubs with slotted and punched faces, which are used to put an abnormal "cut" on a ball, were barred more than a year ago by the golfing authorities of Great Britain. Discussion on the subject was hot during last summer when Americans playing in tournaments in England were forbidden to use anything but smooth clubs.

NEW TRAINING STUNT

The captive football is the newest thing with training squads this fall. One man can practise drop-kick and punt without having team-mates to chase the pigskin for him. Above Lieutenant Eugene Vidal of the West Pointers tries out the scheme while J. J. McEwan, head coach, watches.

ST. LOUIS, Mo., Sept. 26.—A second inning rally gave St. Louis today's game with Brooklyn and an even break on the four game series. The score was 7 to 5. A triple by Bottomley scored Sherdel and Smith. Dickerman relieved Vance after the second and hit into the right field stands in the sixth inning for a four bagger. In the seventh inning, Fournier protested against a called strike by Umpire Wilson and was put out of the game. The score:

FOOTBALL SEASON TO OPEN AT WHITE HALL

Beardstown High School Eleven to Oppose White Hall High Next Saturday.

White Hall, Sept. 25.—The high school football season will open in White Hall Saturday. Beardstown high school eleven, which last Saturday engaged in a scoreless game with Routt High of Jacksonville, will oppose White Hall high in the opening game at Griswold Park, in this city. The local team has a schedule of eight games which is one of the hardest ever played by a local team.

D. H. Wells, superintendent of schools, is coach again this year. It has been his task to develop a great deal of new material in order to fill the places made vacant by seven regulars, lost by graduation, or who are not in school this year. However, there are eight lettermen in school again this year all of which have had a great deal of experience, and no doubt the local aggregation will make a very favorable showing against their Cass county visitors Saturday.

The probable line-up which Coach Wells will start against

Beardstown Saturday is as follows:

Left end—Harold England captain.

Left tackle—Francis Bradshaw

Left guard—Kenneth Hubbard

Center—Harlan Smith.

Right guard—Otis Jouett.

Right tackle—Lawrence Kemp.

Right end—Kenneth Knight.

Left halfback—Donald Hansberger.

Right half back—Stanley McClure.

Fullback—William Smith.

Quarterback—Thomas Smith.

The list of substitutes and members of the second team is as follows:

Backfield—Eugent Littleton, Earl Goode, Lee Wooldridge.

Ends—Russell DeVault and Lynn Bridgewater.

Linemen—Chas. Campbell, Francis Allen, Carl Seely, Lyndon Livingston, Henry Pruet, William Vinyard, Guy Long, Albert Pearce, Alfred Westerhold, and Dwight Coonrod.

The season's schedule follows: Sept. 29—Beardstown at White Hall.

Oct. 6—Griggsville at White Hall.

Oct. 13—Jacksonville at White Hall.

Oct. 20—Probably Roodhouse at Roodhouse.

Oct. 27—No game.

Nov. 3—Rushville at White Hall.

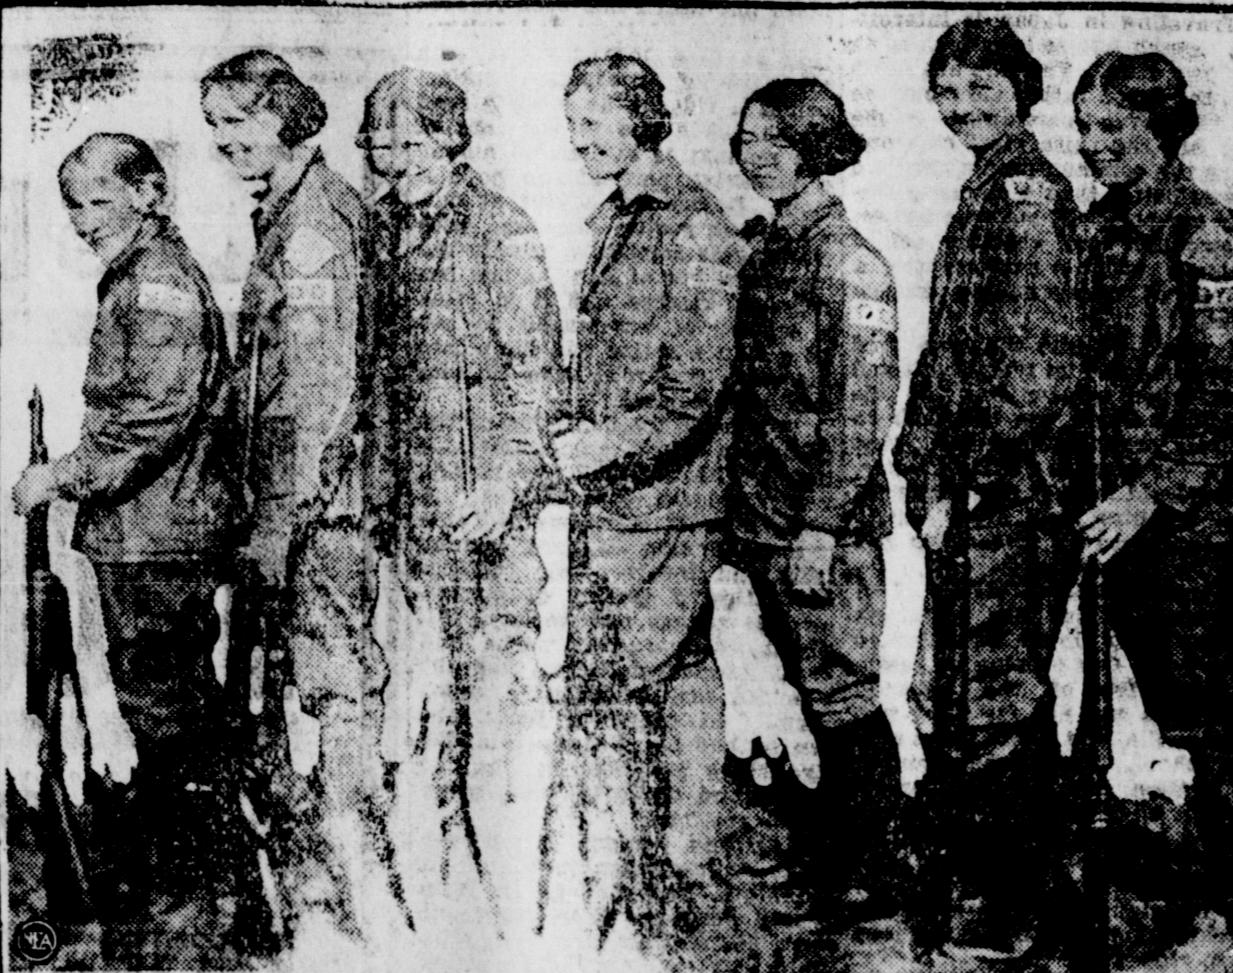

Nov. 10—Greenfield at White Hall.

Nov. 17—Granite City at White Hall.

Nov. 24—No game.

Nov. 29—Carrollton at Carrollton.

District of Columbia girls' rifle team, who claim the girls' championship of the United States. They participated in the national rifle matches at Camp Perry, O. Adelaide Cotter won the Winchester Junior Rifle Corps gold medal. Helen Stokes and Katherine Edmonston tied for high score in the small bore match running over a six-day period. MAROONS GETTING SEVERE WORKOUT

CHICAGO, Sept. 26.—The University of Chicago football squad went thru an intensive workout this afternoon, despite the heat. Coach Stagg putting them thru a stiff scrimage. In the morning session the Maroon mentor took advantage of the rain and spent the time in passing and punting with the slippery pigskin. The Maroon eleven probably will outweigh the Michigan Agricultural college team almost twenty pounds, to a man in the line, and almost as much in the backfield, it is not expected the local aggregation will mark up a big score against the Wolverines, aggies when they meet Saturday, due to lack of variety of the Windy City team's plays and formations.

The following Saturday, October 6, when they meet the Colorado Agricultural College the line will be far heavier due to the addition of Ralph King, 240 pound center who will be in shape to play by that time it is expected.

PUNCHED GOLF CLUBS BARRED BY NEW RULE

NEW YORK, Sept. 26.—The United States Gold association announced today that after January 1, 1924, all slotted or punched clubs would be barred. Slotted clubs may be used if they do not exceed one-sixteenth of an inch in width and are not less than three thirty-seconds of an inch apart. All rough or raised edges must also be removed.

Clubs with slotted and punched faces, which are used to put an abnormal "cut" on a ball, were barred more than a year ago by the golfing authorities of Great Britain. Discussion on the subject was hot during last summer when Americans playing in tournaments in England were forbidden to use anything but smooth clubs.

NEW TRAINING STUNT

The captive football is the newest thing with training squads this fall. One man can practise drop-kick and punts without having team-mates to chase the pigskin for him. Above Lieutenant Eugene Vidal of the West Pointers tries out the scheme while J. J. McEwan, head coach, watches.

RED SOX LOSE TO BROWNS BY 3 TO 2

Davis Allows Four Hits, Walked Five, Hit One—Burns Walks in Sixth and Scores

BOSTON, Sept. 26.—Boston defeated St. Louis today 3 to 2 in the last meeting of the two teams this season. In the sixth Burns walked and scored when Davis in fielding Harris' grounder, threw wildly beyond first. Harris also scored when Severeid missed Schliebner's play to the plate. Boston made its third run in the seventh on two singles and a sacrifice fly. St. Louis rallied in the ninth and had the bases full when Quinn who relieved Murray, retired the side. Davis allowed only four hits but he walked five and hit one.

ILLINI SCRIMMAGE WITH FRESHMEN

URBANA, Ill., Sept. 25.—Burt Ingwersen, freshman coach, brought his protégés to Illinois Field today for their first tussle of the season with Coach Bob Zuppke's "varsity." The frosh finished two touchdowns behind at the end of the three quarters, Grange and Clark each going over on end runs and off tackle plunders.

McLain and "Swede" Hall also accounted for respectable gains. Both are going strong and seem certain of first string berths at half and quarter respectively.

Among the Wednesday visitors in the city from Roodhouse were Arlie Cooper, C. G. Hamm, J. J. Winter and Edward Wallace.

MERRIMAN WINS THE ARCH CITY STAKES

COLUMBUS, O., Sept. 26.—(By The A. P.)—Merriman of the Tommy Murphy stable today won the Arch City \$3,000 stake for 2:10 pacers, the feature event of the five on today's Grand Circuit card. Merriman's victory, was not one of straight heats, as he lost the first heat to Wrack, going to a bad break on the first turn. In the third mile he was also on the verge of breaking on two occasions, but Murphy kept him in the pace and he stepped the last mile in 2:01 3-4. Well Worthy, the first choice, won the 2:05 trot taking the first two heats, but finishing no better than fourth in the third heat which was won by Walter Sterling.

SECOND INNING RALLY WINS FOR CARDINALS

Even with Dodgers on Series, Fournier Protests Decision, Put Out of Game.

ST. LOUIS, Mo., Sept. 26.—A second inning rally gave St. Louis today's game with Brooklyn and an even break on the four game series. The score was 7 to 5. A triple by Bottomley scored Sherdel and Smith. Dickerman relieved Vance after the second and hit into the right field stands in the sixth inning for a four bagger. In the seventh inning, Fournier protested against a called strike by Umpire Wilson and was put out of the game. The score:

J. H. DIAL TO BE WHITE HALL SPEAKER

Will Address Forum at Baptist Church October 7—St. Louis Autists Meet with Accident—Other News Notes

White Hall, Sept. 25—John H. Dial of Jacksonville, president of the Illinois Telephone company and for 16 years superintendent of the Jacksonville schools, will be the speaker before the Community in the First Baptist church on Sunday evening, Oct. 7th, this being the opening session of the season. There are a number of speakers available for the purpose, and on account of Mr. Dial representing a public utility in which White Hall is much concerned and over which the subject of a renewed franchise engrosses the attention of the White Hall city council, it is believed that the coming of Mr. Dial is most opportune. The band will play for the occasion and there will perhaps be a discussion following the address.

The matter of making the Community Forum a distinct organization with officers, following the benefits that accrued from the first season of activity last winter, will probably be considered at this time. The Community Forum is the concept of Rev. L. E. Ellison, and he desires it to be made of the largest usefulness as an auxiliary to the chamber of commerce and other civic bodies who have the direction of policies of community concern.

There seems to be a large amount of local interest in the issuance of the weekly weather and crop report for this station, but the activities of the farmers runs about the same in a see-saw effort to catch up with the harvesting and plowing. For the week ending Monday there was a total rainfall of 1.44 inches, which fell on the 18th and 19th, rendering the ground so wet that farm work was again held up until the latter part of the week, and as this report is penned a lowering barometer indicates that there might be another rainfall in 24 hours. The sole objection is said that the rainfall does not entirely fall into the city reservoir, where the supply of available water has not yet reached a comfortable stage. Corn cutting is making slow progress for various reasons, particularly because of its tangled condition and its height. As high as 40 cents per shock is being paid. The apple harvest is making excellent progress. There is an abundance of pickers, but a shortage of sorters at the McClay orchard caused picking to be suspended for a few days. Even the improved methods of handling and sorting does not enable the sorting and packing force of fifty to keep up with 160 pickers.

The highest temperature reading was 82 on the 24th, and the lowest 47 on the 22nd.

It is noted that Indiana has again quarantined against straw from Greene county, Ill., on account of smut. It is hoped that the day will come when a market will be found for the vast quantities of straw that now go to waste.

A party of five St. Louis people were coming to White Hall from the west Monday afternoon in a Ford touring car, and at the P. F. Floyd place, three miles west of town, the car struck a bad place in the road with such force that one of the two women had her nose badly broken and her face considerably cut. The other woman was bruised about the

feet.
